DETAILED ACTION

Allowable Subject Matter

1. Claims 1-50 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The instant application is deemed to be directed to a nonobvious improvement over the cited prior art used separately or together. The improvement comprises a business form comprising two layers of material, a strip label layer and a lamination layer having associated separation lines. The two layers are separated by a patterned adhesive layer, wherein the layers may be separated from the form and adhered with the same patterned adhesive layer to another business form with the lamination layer overlying the strip layer.

It is noted that the previous rejection of claims 14-17, 35-37 and 45-50 under 35 U.S.C. 112, 1st paragraph are withdrawn. The basis for withdrawing this rejection is found in applicant's remarks (Paper Received August 2, 2004 – **Claims Rejections Under 112, ¶ 1**). Applicant pointed out that support for claimed limitations is located on page 19, in lines 4-17, where the method of folding the strip label is described. The examiner agrees with applicant's remarks and has, therefore, withdrawn the rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
